Mr. Chuck Manto
CEO
Instant Access Networks, LLC
101 Braddock Rd
Frostburg, MD 21532

Dear Mr. Manto,

On behalf of the InfraGard National Members Alliance I would like to notify you that the EMP Special Interest Group (SIG) has been approved. The SIG website is being developed, however in the meantime you can utilize the CyberCop portal to organize members.

We appreciate you taking the lead on this issue by bringing it before the INMA and the FBI and agreeing to continue to drive this issue as the manager of this SIG. In this role you will engage interested InfraGard members as well as work to identify and engage strategic partnerships such as the National Foreign Trade Council and National Defense University.

Thank you for your efforts to highlight and engage our membership in the national dialog for this critical issue.

Sincerely,

A handwritten signature in black ink that reads "Kathleen L. Kiernan". The signature is written in a cursive style.

Dr. Kathleen Kiernan
Chairman
